"Exceeded expectations" 5 of 5 stars

"The hotel has been renovated in public areas, restaurants and guest rooms. It is fabulous for the price. Bright and clean guest rooms with good bathroom and amenities. Internet is free, breakfast buffet was included in our rate and was superior to other hotel free breakfasts. I normally go for a Hilton or something more "hotely" but the Best Western in Coeur D'Alene is better than that. The beds were super comfortable - including pillows!" - Tracey B via Trip Advisor
